Map ID #S30

March 13, 2017

**Map ID #S30 Key Agreements  
As of March 13, 2017**

**Concept: Signage and wayfinding system.**

“A comprehensive signage and wayfinding system should be installed throughout the study area, including educational and interpretive opportunities. See also the signage and wayfinding proposal described in Winter Map ID #13.”

**Rationale:** “A uniform and comprehensive signage and wayfinding system will enhance the user experience by providing specific information (trail length, degree of difficulty, etc.), more general information (overview of stacked-loop system, public-transit schedules, etc.), interpretive opportunities (anatomy of a meadow, mining town history, etc.), and education that will assist with enforcement of policies (on- and off-leash areas, motorized/non-motorized use, etc.).”
