PROJECT NAME

- Eastern Sierra Regional Campground Improvements & Jobs Creation

PROJECT DESCRIPTION

- The Jobs First Sierra Region Campground Improvements project completed planning for campground renovations in the Sierra Jobs First Region, including Inyo, Mono, Calaveras, and Tuolumne counties. With these planning documents, this project is one step closer to improved accessibility, increased public use, and mitigated climate-driven threats to infrastructure such as wildfires, flooding, and storm events. MLTPA partnered with the Inyo and Stanislaus National Forests and Inyo County to contract for engineering surveys and assemble a design team to prepare renovation plans.
