

EASTERN SIERRA CAMPGROUND IMPROVEMENTS

Inyo National Forest was awarded Great American Outdoors Act funding to complete the technical drawings necessary for improvements to 22 campgrounds throughout the forest. To finance the improvements, Inyo NF and its partners developed a nationally directed, multi-jurisdictional, and multi-partnered business plan, with the support of an Innovative Finance for National Forests (IFNF) program grant and a second round of IFNF funding awarded in September of 2021 to create financing solutions. The business plan identified a range of costs for improvements between \$19 million and \$36 million, which could be filled by non-federal capital resources. As a regional authority, the ESCOG may be a key partner in the effort to finance campground improvements. However, the ESCOG will require the necessary resources to engage and represent regional interests in the financing effort, including the ability to provide independent financial analysis, the production of graphic renderings for engagement with infrastructure beneficiaries, and coordination of partnered efforts among beneficiaries.
