

**BROAD
COALITION
SUPPORT
FOR YES ON 68**

The Act is supported by a broad, bipartisan coalition of conservation groups, local park advocates, water experts, and business organizations, that all care about the critical impact of water and parks on our health, economy, and California's way of life.

Yes on 68: **THE CALIFORNIA CLEAN WATER & SAFE PARKS ACT**

In Uncertain Times, California Must Lead the Way.

OUR STATE is facing frequent and severe droughts, wildfires, the impacts of climate change, and a lack of support from the federal government to protect our water and natural areas. Now more than ever,

California must take responsibility to protect our own unique natural resources and ensure every Californian has access to clean drinking water and safe places for kids to play.

PROPOSITION 68, THE CLEAN WATER AND SAFE PARKS ACT is a general obligation bond that invests \$4 billion in the coming years to address some of California's most important water, park, and natural resource needs. The state legislature passed the California Clean Water & Parks Act (SB5) with bipartisan support, and it will appear on the June statewide ballot.

ENSURING CLEAN DRINKING WATER. SECURING FUTURE WATER SUPPLIES.

Proposition 68 will help keep toxic pollutants out of our water supplies, clean up groundwater, and protect land around the rivers, lakes, and streams that are the sources of our drinking water.

PREPARING CALIFORNIA FOR THE NEXT DROUGHT. USING LOCAL WATER

MORE EFFICIENTLY. Proposition 68 will help California deal with droughts and wildfires that could become more frequent and severe with climate change. It takes a smart, efficient approach to ensure clean, safe drinking water—capturing and recycling more water locally, and making local water systems more effective with proven cost-saving solutions.

CLEAN WATER FOR EVERY COMMUNITY. SAFE PARKS FOR EVERY CHILD.

Today, there are underserved communities in California where families cannot turn on the tap and get safe water to drink. And many communities lack parks and safe places for kids to play and grow. Prop 68 addresses these inequities by cleaning up contaminated local water supplies and making important investments in neighborhood parks in underserved areas.

This June, Californians can help to ensure clean, safe drinking water and protect natural resources in uncertain times.

Yes on 68:
**THE CALIFORNIA
CLEAN WATER
& SAFE PARKS ACT**

**Protecting What Matters.
Preparing for the Future.**

Paid for by Californians for Clean Water and Safe Parks, sponsored by Conservation Groups. Committee major funding from Committee for Clean Water Natural Resources and Parks, Yes on Proposition 68, Conservation Action Fund for clean water and parks, sponsored by environmental organizations and The Nature Conservancy.
